

Dear BCA Families,

Last night's Class of 2014 Graduation Ceremony was another milestone in BCA history. It marked the 19<sup>th</sup> graduating class since our first graduation of 44 students in 1996. This brings the total number of students who have graduated from BCA to over 3,850. The Class of 2014 was an amazing group of young men and women who have excelled in so many ways. They have led by example and paved the way for future classes. They will be missed!

We bid a fond farewell to Mr. Frank Oleksy from our Physics Department and Ms. Mary Rooney from our Math Department who are retiring after many years of service. We wish them both a wonderful retirement. Additionally we wish Dr. Brian Borowski all the best as he pursues a new career working at the college level. Although we will miss them, I am pleased to report that we have a wonderful pool of applicants from which to choose their successors. You will be hearing more about our new teachers prior to the start of the new school year.

I am excited to share with you that we will be launching Schoology (pronounced School-ogy) on the BCA campus in September. It is our hope that this software will allow students to better manage their courses and assignments by having all of their coursework in one location. While many of our teachers have been on the forefront when using technology in the classroom, some students have voiced concerns that due to the variety of online platforms teachers were using it became difficult to keep track of their assignments. We believe that using Schoology in conjunction with PowerSchool will be of great assistance to our students and their families moving forward.

The summer season provides each and every one of us with an opportunity to relax, reflect, and renew ourselves. Hopefully you will spend some time enjoying the beauty of our surroundings and spending quality time with family and friends. Whatever you and your family choose to do, please know that everyone at BCA wishes you a healthy and happy summer.

We look forward to seeing you in September!

Russell Davis  
Principal
